Proportioner:
1-2 on dial

Roof Mix

Mix Batch
32 oz per 50 gallon

ProPortioner
3 on soap dial

Mix Ratios

AGENT CLEAN
SOLUTIONS

Camouflage

Scent Cover

Use to mask/cover the scent of chlorine produced by SH mixes.

Floral/lavender scent.

For the ProPortioner, we recommend mixing it in your soap tank, not directly into SH tank.

House Mix (1% SH)

X-Jet:
2 oz per 5 gallon

Downstream (10:1)
4-6 oz per 5 gallon

Mix Batch:
4-6 oz per 50 gallon

Proportioner:
4 oz per gallon of soap

Roof Mix (3-4% SH)

X-Jet:
6-8 oz per 5 gallon

Downstream (10:1)
12-18 oz per 5 gallon

Mix Batch:
12-18 oz per 50 gallon

Proportioner:
16 oz per gallon of soap

Ground Force

Caustic Degreaser

Use on heavily soiled areas. Formulated to clean animal fats, best used on dumpster pads, restaurant entry ways, hood cleaning, grease traps.

Warning: CAUSTIC. Use proper PPE.

Follow included mixing instructions.

Best applied using pump sprayer.

Light soiling:
7 oz per gallon

Standard Use:
16 oz per gallon

Heavy soiling
30 oz per gallon

Notes:

Can be used with hot or cold water. Dwell time may vary based on age of grease.

Caustic. Recommend use on hard surfaces such as concrete.

Glass Enforcer

Glass Cleaning Soap

Concentrated soap for traditional window cleaning.

Use in conjunction with applicator/squeegee.

Window Washing

1-2 oz per gallon in bucket.

Notes:

Contains glycol, a moisturizer. Helps prevent hands from drying out.

Excellent glide and cleaning power.

Roof Cleaning Mix Suggestion

50 Gallon Mix Batch

16 oz Agent Green
16 oz Secret Agent

Proportioner

Combine equal parts Agent Green and Secret Agent in soap tank. Use dial at 3-4.
